

Microsoft Team Register

It has been fantastic to see so many children attending each mornings class registration. The behaviour of all the pupils continues to be stunning. All the adults are very, very proud!

Please be reminded that this is a requirement of the learning day.

If your child does not attend morning register there will be a welfare call made. School have to follow Government guidance for providing duty of care to all families and therefore seeing all children each morning on registration is a must.

Keeping Safe

Please be reminded that at this time with rising numbers of positive tests that home continues to be the safest place. By increasing the number of pupils in school this will increase the risk to children, families and school staff.

All available and allocated places in school are now taken. We urge parents/ carers of these children in school to only take the place if it is absolutely necessary and only when needed!

Home Learning

We completely appreciate what a great job our parents and carers are doing each day in supporting their children to continue learning.

We also know that at times you may find it challenging. All we ask that you do your best and do what you can!

Please believe us when we say that we all want school to be back to the old normal and lets hope that this isn't too far away.

But, in the meantime we must all stay as safe as possible!!

Keep going you are doing a brilliant job!

SEESAW

Wow!!

The teachers are so impressed with all the home learning that is taking place.

WELL DONE!

Please upload all work daily by 1.30pm. Teachers are marking all work and feedback is being used to inform the planning for the next day!

Teachers love to see how busy you all are so keep it up!!!
